Dear Speaker Bass:

Recently the California Transportation Commission agreed to affirmatively recommend the Los Angeles County Metropolitan Transportation Authority's (Metro) congestion pricing proposal to the State Legislature for consideration as required under AB 1467. As Members of Congress who represent affected areas, we wish to share with you our concerns regarding this proposal.

Attached are letters detailing our concerns which were submitted to the California Transportation Commission and Metro during the course of their deliberations. We hope you will keep our concerns in mind as the State Legislature considers Metro's proposal.

We look forward to an opportunity to discuss with you the concerns expressed in the attached letters. Thank you for your consideration.

Sincerely,
